FACULTY

Jordan A. Miller, PharmD, BCPS, BCOP, CPP

Clinical Pharmacist Practitioner, Myeloma & Lymphoma
Department of Pharmacy

University of North Carolina Medical Center
Chapel Hill, North Carolina

EDUCATIONAL OBJECTIVES

- Describe the mechanisms of action for the new and emerging drug classes used for the treatment of multiple myeloma and the associated dosage forms of those medications
- Determine appropriate drug therapy for a patient with relapsed or refractory disease based on prior treatment regimens and patient-specific factors
- Develop a management strategy to improve adherence for a patient receiving a combination of oral and IV therapies for the treatment of multiple myeloma

 Pharmacy Times Continuing Education™ is accredited by the Accreditation Council for Pharmacy Education (ACPE) as a provider of continuing pharmacy education. **This activity is approved for 1 contact hour (0.10 CEU) under the ACPE universal activity number 0290-0000-20-236-L01-P. The activity is available for CE credit through February 3, 2021.**

Type of Activity: Application

This activity is supported by educational grants from GlaxoSmithKline, Takeda, Karyopharm, and Amgen.

FACULTY

Jordan A. Miller, PharmD, BCPS, BCOP, CPP, is a clinical pharmacist practitioner at the University of North Carolina Medical Center in Chapel Hill, NC where he practices as the hematology/oncology pharmacy expert with the multiple myeloma and lymphoma physician teams in

the outpatient clinics. Jordan's clinic roles include, but are not limited to, chemotherapy education, adherence and toxicity monitoring, transitions-of-care coordination, as well as supportive care management of disease-related and chemotherapy-induced adverse effects. In addition to his clinic responsibilities, he teaches within the oncology elective at the University of North Carolina (UNC) Eshelman School of Pharmacy (ESOP) as well as serves as a preceptor to pharmacy students from the UNC ESOP and PGY1 pharmacy residents and PGY2 hematology/oncology pharmacy residents from the UNC Medical Center Pharmacy Residency Programs.

Jordan earned his PharmD from the Medical University of South Carolina and completed his PGY1 Pharmacy Practice residency and PGY2 Hematology/Oncology Pharmacy residency at Oregon Health & Science University and the University of North Carolina Medical Center respectively. Outside of work Jordan loves spending time with his wife Jenna and his daughter Eloise. You can often find Jordan and Eloise in the stands of college and professional sporting events supporting Jenna in her job as a professional sports photographer. When not at sporting events, Jordan and Jenna love traveling, introducing their daughter Eloise to their favorite places.

Faculty disclosures will be provided prior to the presentation.
