GSHP INFORMATION

The Georgia Society of Health-System Pharmacists is a professional organization of over 1500 members. We are the Georgia state affiliate for the American Society of Health System Pharmacists and our mission is to help our members become better practitioners. The majority of our members are health-system pharmacists but our membership also includes pharmacists from other settings, educators, pharmacy students, pharmacy technicians and manufacturer's representatives. Health system pharmacists are pharmacists who practice in hospitals or other components of health systems including home care, managed care, long-term care, ambulatory care and public health settings.

We encourage you to support our mission of helping our practitioners become better practitioners by becoming a Corporate Sponsor or by exhibiting at our statewide meetings.

By exhibiting at our meetings, you will have the opportunity to interact with Pharmacy Directors, Clinical Coordinators, and other Pharmacists practicing in the state of Georgia. Each meeting also draws pharmacist attendees from other states. Approximately 250 attendees attended our largest meeting in 2022.

Dedicated time is set aside at each meeting for our practitioners to interact with our vendors and we offer innovative incentives to encourage our members to fully utilize the exhibit time to interact with our exhibitors.

Following are the levels of sponsorship, you may choose:
